

ENJOY THE TRADITION

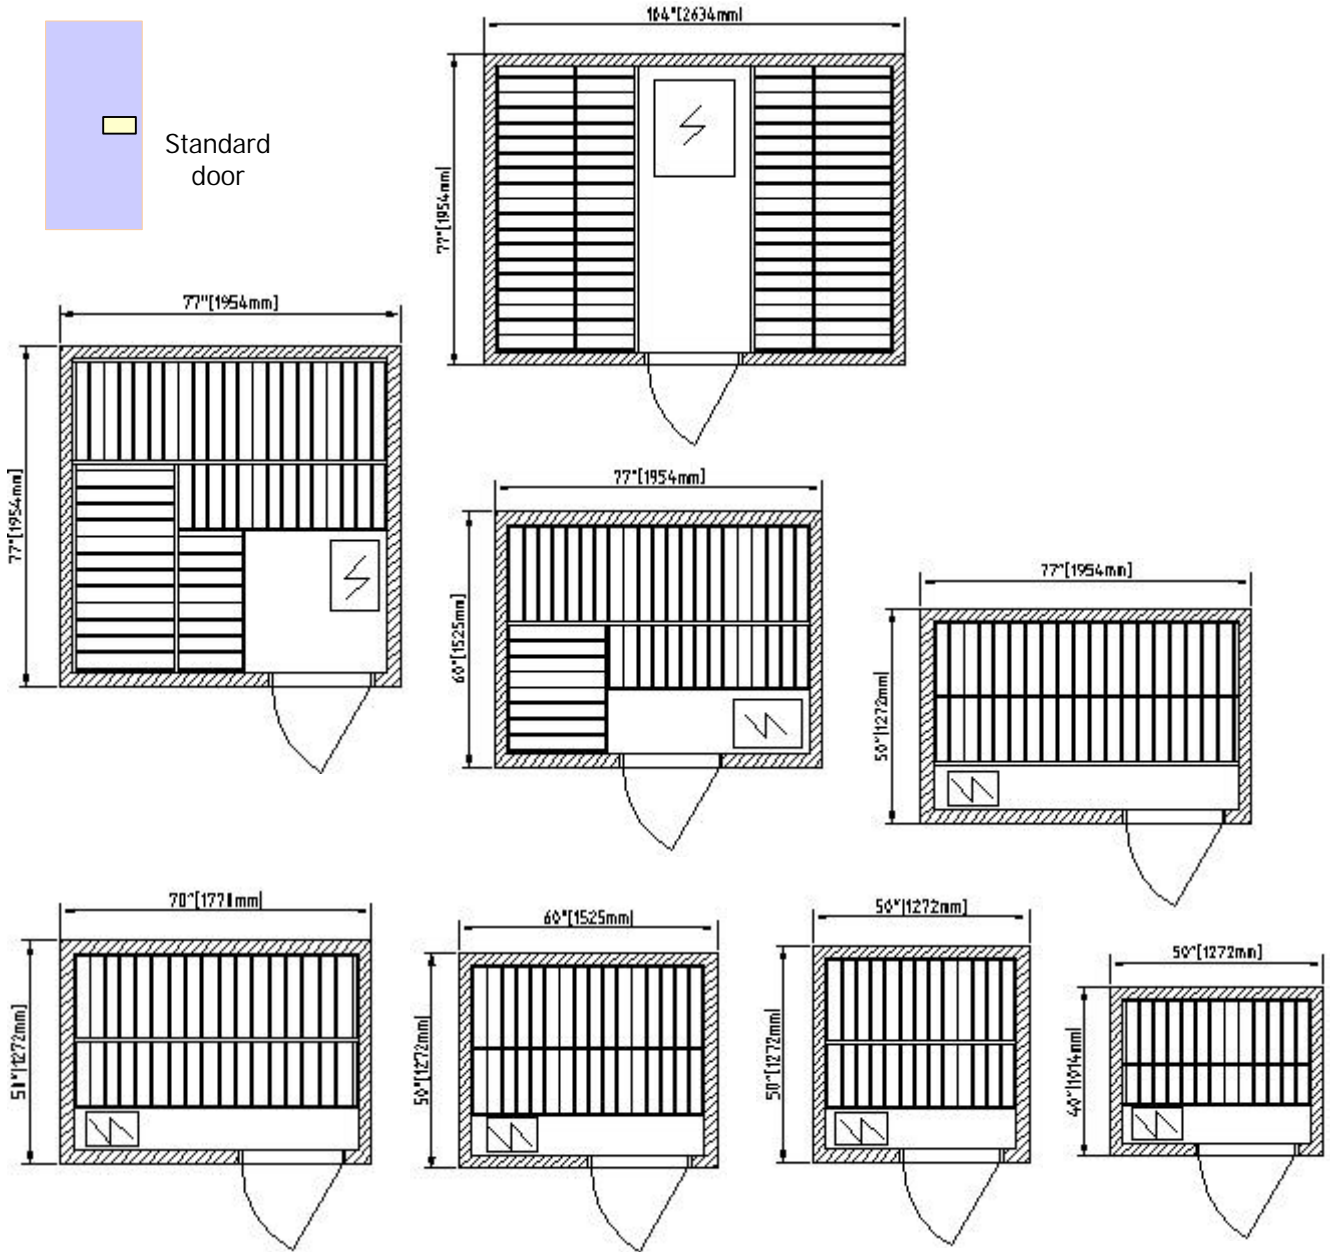

Enjoyment at your ease and convenience. These are the guidelines for the FINNMAN Sauna. We take pride in saunas that bring special attention to your home. The FINNMAN sauna is not just for decoration, but yours to enjoy frequently.

FINNMAN traditional saunas can be installed easily and rapidly. The craftsmanship shows not only in the function and beauty of the finished product, but also in the ease of assembly. Indulge your senses in the soft steam and natural scent of Nordic Spruce. It is a perfect way to take time for yourself. A sauna will not overwhelm you with hot steam like steam rooms might. You control the amount of steam by applying water on the heater rocks.

***TRUE TRADITION OF A FINNISH SAUNA
THE PLEASANT SCENT OF NORDIC SPRUCE
THE HANDMADE WOODCRAFT FROM THE DEEP FORESTS***

FINNMAN saunas are crafted from beautiful nordic spruce wood. The paneling has natural tight knots to create character. Benches are made from clear and smooth apache or aspen. We have included an all glass door for great looks. A special customized size or design can be made to your exact needs. The traditional FINNMAN sauna models include the following standard models.

Saunas also available in mirror image layouts.
